Deb Ryan; CEO of Playgroup NSW says,

“FocusBT were recommended to us when our IT contractor passed away, and our server and database fell over virtually at the same time. FocusBT fixed immediate problems swiftly. Then we reviewed 5 companies for our ongoing IT support and Focus still came out on top.”

“The services provided by Focus BT have allowed our organisation to move forward, feeling confident in the systems we rely on. We trust them. They do their homework and analyze options for us – they have saved us a lot of money by recommending DonorTec and the Microsoft CRM solution available via this donation program, amongst other things.”

“They just simply go the extra mile. They explain things like “virtualization” so you can make an informed decision on your needs. All the Focus staff are very friendly– they never make you feel silly for not knowing something”.
